## Top Rated Entries

1. **{win}-l Lock Keyboard**
2. **{win}-r Opens run command**  
Not new but still useful
3. **{win}-left/right arrow Windows Snap**
4. **{win}-e open windows explorer**
5. **{win}-m Minimize all**
6. **{win}-d Minimize/Restores all windows to the desktop**
7. **{win}-{Tab} 3D App Scroll**
8. **{win}-Pause Opens Systems Properties**
9. **{win}-{spacebar} make all the windows turn to glass so you can see the desktop**
10. **[win]-p Multiple Monitor Options**
11. **{win}-1, 2, 3, 4, 5, 6, 7, 8, 9 - launch corresponding "quick launch" icons in the taskbar in windows7**
12. **{win}-L Lock Computer**
13. **{win}-shift+m un-minimize all**
14. **{win}-+ Magnify**
15. **{win}-u Accessibility Options**
16. **{win}-{Alt}+(L&R arrows) Tiled Windows scroll**  
Good for seeing small snaps of windows which you have open, and to select one to jump to.
